## KITCHEN FITTINGS & STORAGE SOLUTIONS INNOVATION AT ITS BEST

Brought to you by Häfele

# WELCOME TO HÄFELE

Established in 1989, Häfele New Zealand has been bringing you the latest innovations, sourced from either our own factories, or from our partners around the world, for over 27 years.

With showrooms and design centres in all three major centres across New Zealand, we are at your side Nationwide and look forward to being of service to you for many years to come.

Since Häfele began in the small German town of Nagold in 1923, we have been dedicated to bringing quality not only to our products, but to each customer relationship. Quality is the driving force guiding the efforts of our employees worldwide. As the company's reach has expanded around the world, Häfele has remained a true family-owned business and strives to make these values universal. This is accomplished through the remarkable breadth of expertise that Häfele uses every day to help our customers.

CONVOY LAVIDO

# CONVOY FAMILY

## YOUR KITCHENS BEST KEPT SECRET

CONVOY is a family of seriously stylish cabinets, guaranteed to become one of the favourite features of any home. CONVOY Centro works alongside your fridge, so you have enough room to store all your dry and fresh groceries using one captivating system.

But it's what you don't see that makes it really special.

CONVOY Centro does away with conventional frame structures, instead using a pioneering single-tube frame to position smooth floating trays that glide out effortlessly to reveal what's inside.

Looking for added versatility? Sharing the same intelligent details as the Centro unit, CONVOY Lavido is ideal for all kind of layouts – even behind sliding doors. There's CONVOY Premio. The embodiment of engineered luxury, you'll be spellbound by the product's ability to operate silently and automatically. Opening it is an adventure in itself!

Whatever size or shape of your kitchen, CONVOY redefines the way food is stored.

# TANDEM FAMILY

## IT'S WHAT'S INSIDE THAT COUNTS

The TANDEM Depot pantry unit and TANDEM coffee cabinet offer beautifully efficient solutions for storing supplies and more. Just opening the door will take your breath away. TANDEM Depot uses intelligent pullout technology to draw the rear shelves automatically bringing kitchen stock towards the user. Abundant storage space is even a feature of the door shelving!

TANDEM Depot is crafted for 450, 500 and 600 mm cabinets, and as most customers can't get enough of this ingenious solution, it's possible to build double the system in cabinet widths of 900, 1000 and 1200 mm – just as practical, twice as impressive. TANDEM coffee cabinet is the ideal pairing for tall units with an integrated coffee machine, steamer or microwave.

MAGIC CORNER

## CORNER SOLUTIONS CREATING SPACE WITH SPACE

Thanks to Häfele, even your corner units are the ultimate in form and function.

Take the LeMans II. The only corner unit solution that combines very high space utilisation with outstanding access, LeMans II trays swing right out in front of the cabinet at an 85° opening angle and combines optimal space utilisation for a clear overview and beautiful action.

Want more? Take a look at the MagicCorner, the smart solution that's capable of housing two complete cabinets next to each other in only one corner cabinet, or perhaps the REVO 90 – the innovative corner solution where front panels turn with a carousel-like rotation.

In today's home, real living requires clever thinking in how to best utilise the space you have. Kesseböhmer Corner Solutions offer the perfect solution.

## BASE CABINET SOLUTIONS SMALL IN SIZE, GREAT IN VALUE

Whether it's baking trays or cleaning agents, a mixer or a pressure cooker, application-oriented - Kesseböhmer Base Cabinet Solutions allow you easy access to whatever you want.

How? Firstly, the Base Cabinet Roll-Out COMFORT - a filler cabinet with diverse shelves - can be adjusted to suit different widths. Secondly, the DISPENSA Junior, a pullout larder is ideal for all widths between 30 and 60 cm, side wall thicknesses between 16 and 19 mm, and any larder height – it's up to virtually any task!

Lastly, there's the PORTERO a cleaning agent pullout that includes rollouts for sink units cleaning utensil baskets, dustpan and hand-brush racks, hand-towel rollouts, laundry baskets and more.

THE INTELLIGENT  
PULL-DOWN SYSTEM  
FOR WALL UNITS

## IMOVE EVERYTHING WITHIN EASY REACH

A pull-down system that floats the contents of your wall unit gently down into easy reach. Operate it one-handed. The iMove and all its contents are pulled downwards and outwards in one effortless movement.

The contents of the top shelves are now easier to reach than the bottom shelf of the wall unit.

The smooth, fluid downward movement is activated by the pull-down plus the weight of the payload. At the endpoint the pull-down locks open automatically, so that you can use both hands for loading and unloading. iMove movement is supported by spring force resulting in a weight capacity of 8kg. the mechanism is integrated in a slim and very compact fitting so that an iMove can also be installed in a relatively shallow wall unit.

FREE FLAP

## OVERHEAD CABINET SOLUTIONS

INTELLIGENT USE OF SPACE

The fittings of the new Free family give overhead flap doors new freedom in movement. This opens up more opportunities in the visual and technical design of furniture and has tangible benefits compared to hinged doors. But above all, it gives the furniture and the room undreamt of elegance and lightness. It doesn't matter whether a flap is lifted, tilted, swivelled or folded – it immediately provides added value. And last but not least, more efficiency when working.

The Free family fulfils the demands for creative freedom and choice of material, design, ease of installation and convenient operation on a new level.

# HÄFELE SOFT-CLOSE DRAWER SYSTEMS

## LET LIFE COME TO YOU

In a modern world, where it can feel as though we are short on both time and space, we look to our living spaces to deliver solutions that allow us to make the most of these luxuries. Life is easier when what we want is in front of us. And, having to delve into kitchen and bedroom cupboards to get to things can be laborious, especially with a lack of light.

The latest storage concept introduces movement in an increasingly popular application throughout cleverly designed homes and workspaces – this simple solution replaces cupboards with drawer systems.

Häfele offers drawer systems that are designed to facilitate the concept of delivering life to you in smooth, elegant movements. We offer Grass drawer systems in New Zealand in four options: Vionaro - the slim, sleek cubist drawer system; Nova Pro Scala – the must-have accessory for your kitchen; Nova Pro Deluxe, exclusively through Häfele, Deluxe sets standards that others follow; and Studio, our flagship soft-closing drawer system. All these drawer systems are available in a variety of modern colours and a range of heights.

Be free and embrace the modern world and all it has to offer: Häfele soft-close drawer systems. Let life come to you.

# BLANCO SINKS & TAPS

## ELEGANTLY DESIGNED, MADE FOR LIVING

The heart and soul of the kitchen belongs to the kitchen sink, the provider of clean, flowing water. It's important to choose a sink that fits the way you live. Whether you're preparing food, cleaning up after a meal, or simply washing your dishes and utensils, there are many elements to consider during your decision process:

**Bowl configuration:** Spacious single bowl kitchen sinks are on trend right now for their ease of use, but you may prefer the functionality of a double bowl for washing and rinsing dishes. Low divide sinks are also a great option that provides the look of a single bowl, with the functionality of having a double bowl sink.

**Material:** Do you prefer the look of high-quality stainless steel, or do you find yourself drawn to colour and durability like that of our patented granite composite SILGRANIT® sinks?

**Size and Depth:** Bowl depth is an important factor to consider when choosing a sink. Deeper kitchen sinks provide more space in order to wash dishes or large items, such as pots, pans and cookie sheets, or you may consider a more shallow depth for convenience of reachability and ease of use.

Spice containers, cutlery inserts, internal drawer fronts, side elements and hanging waste bins, are just some of solutions on offer.

SIMPLY A  
HANDLE YET  
SO MUCH MORE

## FURNITURE HANDLES

### NEW DESIGNS & SPECTACULAR FINISHES

Hardly anything is as straightforward as a handle. Everyone learns how to use one: simply grasp, pull, push or slide it. Yet here, in this small space, a lot more happens than we perceive at first glance. A handle must accomplish much more than simply performing its function – and it's precisely this quality that our new collection aims to place within reach of our customers.

Furniture helps order a space and creates a living atmosphere that's all your own. Handles are the first point of contact with furniture, so when you touch one, you must immediately feel the quality standards to which the furniture aspires. Investment in high-quality materials and unmistakeable design leaves a unique and lasting impression.
