

## SERIES 250

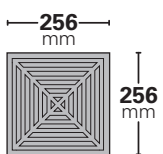

# RELN Traditional Pit

RELN Series 250 Traditional pits are the perfect surfacewater pits for domestic applications. Designed for large household surfacewater drainage to direct water away from the home.

- **Durability** – Made in Australia from tough, durable, and lightweight UV stabilised recycled plastic
- **Easy to install** – RELN Domestic Traditional Pits are easy to install with an extensive range of convenient and security grates
- **Domestic surface drainage solution** – With a range of sizes and grate options, RELN Domestic Traditional Pits are perfect for use under downpipes, as a junction box, or at the end of a surface drainage channel.
- **Class A Load Rating** – Rated to Class A and when correctly installed in concrete, the grate can withstand light vehicle traffic
- **Environmentally friendly** – Made from 100% UV stabilised recycled plastic
- **Grates are available in AS3996 Class A, B or C Load Ratings** – Perfect for domestic or commercial applications
